

Dy-Mark PROTECH® Contact Cleaner Non-Flammable

Dy-Mark PROTECH® Contact Cleaner Non-Flammable is a stable, no flash point, non conductive, inert, high purity cleaning solvent. It dries quickly and leaves no residue. It is non-corrosive, non-staining and contains no lubricants. It is excellent for cleaning oil, dirt, flux residue and condensation from precision electronics and electrical equipment.

Incorporates patented 2-way actuator with locking tab.

DIRECTIONS FOR USE

Recommended Uses:

Circuit boards, printers, generators, switches, controls, connectors, relays, terminals, laboratory and precision equipment, plugs and jacks, circuit breakers and other uses.

It is advisable to test on a sample before use. Maybe harmful to certain plastics. Do not use on plastics such as Acrylic, ABS, Polystyrene and Polycarbonate. For all precision instruments, check with manufacturer.

Preparation

De-activate and isolate equipment before use. Shake can well. Shake can occasionally during use.

Application

Spray can in UPRIGHT position only. Spray onto surface from a distance of 15-20cms. Use extension tube for hard to reach areas. Repeat application if necessary.

Drying Time

Allow product to dry completely and thoroughly. Vent the system before restoring power. When finished spraying, actuator can be set in lock position to prevent accidental actuation.

TECHNICAL DATA

Size:	400g Aerosol
Colour:	Clear
Consistency:	Liquid
Propellant:	Carbon Dioxide

STORAGE

Store below 50C. Do not store in direct sunlight or in vehicles under hot conditions.

DISPOSAL

Aerosol should be completely emptied prior to disposal. Contents under pressure. Do not puncture or incinerate, even when empty.

SAFETY INFORMATION

NON FLAMMABLE

Ensure adequate ventilation during use. Harmful by inhalation, in contact with skin and if swallowed. Intentional misuse by deliberately inhaling contents can be harmful or fatal.

FIRST AID

KEEP OUT OF REACH OF CHILDREN

If swallowed: Do not induce vomiting.

Eye Contact: Rinse immediately with plenty of water. Seek medical advice from your doctor or Poisons Information Centre (**Australia: 13 11 26; New Zealand: 0800 764 766**).

Note: the information provided within this Technical Data Sheet is intended as a guide only. The performance of this product will depend on many factors outside the control of Dy-Mark; including surface type and environmental conditions. Refer to Material Safety Data Sheet for more information.
